These toxic elements *Stressors* build up over time causing a number of health related issues. Decreasing the toxic load in your body will only improve the quality of your life.

The **Ionic Body Balancer™** is a highly effective **DRUG FREE** gentle, and effective way to detoxify, cleanse and balance the Whole Body by using Negative Ions to gently pull toxins out of the body through the 2000+ pores in the feet.

Purchasers have also reported **elimination of pain** in their shoulders, elbows and arms by placing their forearm & hand in the spa tub.

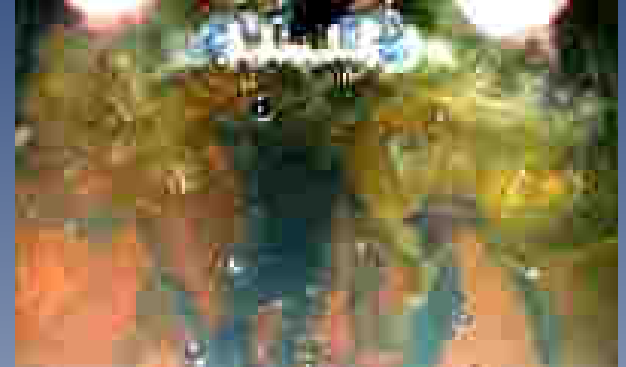

Using this system, **cells are energized** by the ions to release oils, acids, heavy metals, fats, cellular debris, and other toxins which have accumulated in your body's tissues, joints & over your lifetime.

As your body becomes detoxified, cleansed and balanced, you will **experience a feeling of well being, increased energy and improved mental clarity.**

By charging the water in a foot tub with a mild current slightly stronger, and the opposite polarity of, the Lymphatic System's Fluid, **it gently pulls clogged, toxic material from the Vessels and Nodes of your Lymph System.**

This supports the Lymph system's function of making T-Cells allowing the Immune System to fight disease and chronic illness. Think of this system as weight training for your Immune System!

It is important to keep in mind that much too much emphasis has been placed on "reading" the color of the water by companies selling ineffective systems.

While the color chart is important, and is accurate, people who don't have Arthritis, Gall Bladder or Liver problems, Candida, Clogged Lymph capillaries, Prostate/Kidney/Urinary Tract problems, or Heavy Metals in their body, will probably only show brown to orange discoloration in the water.

However, the other benefits of our machine including Balancing of the Body's Energy Field, eradication of parasites and infectious bacteria, stimulating the Lymphatic and Immune Systems, and the elimination of toxins through the GI Tract will not be indicated by the spa water for obvious reasons.
